## An Invitation

We thankfully acknowledge the valuable contribution and whole hearted support of our esteemed recruiters, alumni members and the corporate guides for outstanding accomplishment in the final placement and internship program 2021.

The campus placement at IMIS, Bhubaneswar had enormous challenges and deep concern due to the impact of pandemic. It was more pronounced as the students, parents and management were skeptical of the outcome due to uncertainties. With the help of alumni, the advisory board members, faculty and associates, we did successfully confront the challenges.

As we step into our next cycle of campus invitation process, we express our deep sense of gratitude to all the corporates who provided opportunity to students of class 2021. It is indeed a matter of great privilege to be approached by some of the reputed business groups for successive rounds of campus selections at IMIS, Bhubaneswar. This, vindicates our authenticity in conducting management program in tune with evolving business needs for producing industry ready professional with the mind set of resilience and agility.

It has been a tragic moment for IMIS which saw the sad demise of our loving founder and visionary leader Late Professor H.K. Patnaik and another young and dynamic

colleague, Professor Kunal Patnaik. The void left behind will be difficult to fill, but we resolve to carry forward the vision of its founder and continue the excellence journey IMIS; Bhubaneswar embarked upon since its inception in 1995.

We are prepared for positive changes the current pandemic has brought about in terms of digital dexterity, skill upgradation and workforce composition. We have undertaken transformative steps in creating hybrid model of education and are ready to embrace the new normal that is going to stay.

With this hopeful note, we extend our warm invitation to all the corporate houses and industry partners to join us in our ensuing campus placement & internship program 2022.

Wishing all a very safe and blissful wellbeing.

## In & around Bhubaneswar

The history of the city stretches back over 2000 years. The area first appears as the ancient capital of Kalinga. Bhubaneswar, the 'city of temples', named after Tribhuvaneshwar, 'Lord of Three Worlds', still preserves over 500 of India's finest temples, around which the religious life of the city revolves.

Mythological references and the epigraphic sources describe the area as Ekamra Kshetra and Saiva Pitha. In 1936, the Odisha (Orissa) became a separate province with Cuttack as its Capital, which was eventually changed to Bhubaneswar in 1956.

Together with Puri and Konark, Bhubaneswar forms the 'golden triangle'--one of the most visited destinations in East India, for its proud possession of magnificent sculpture and majestic architectural heritage.

## Bhubaneswar Connectivity

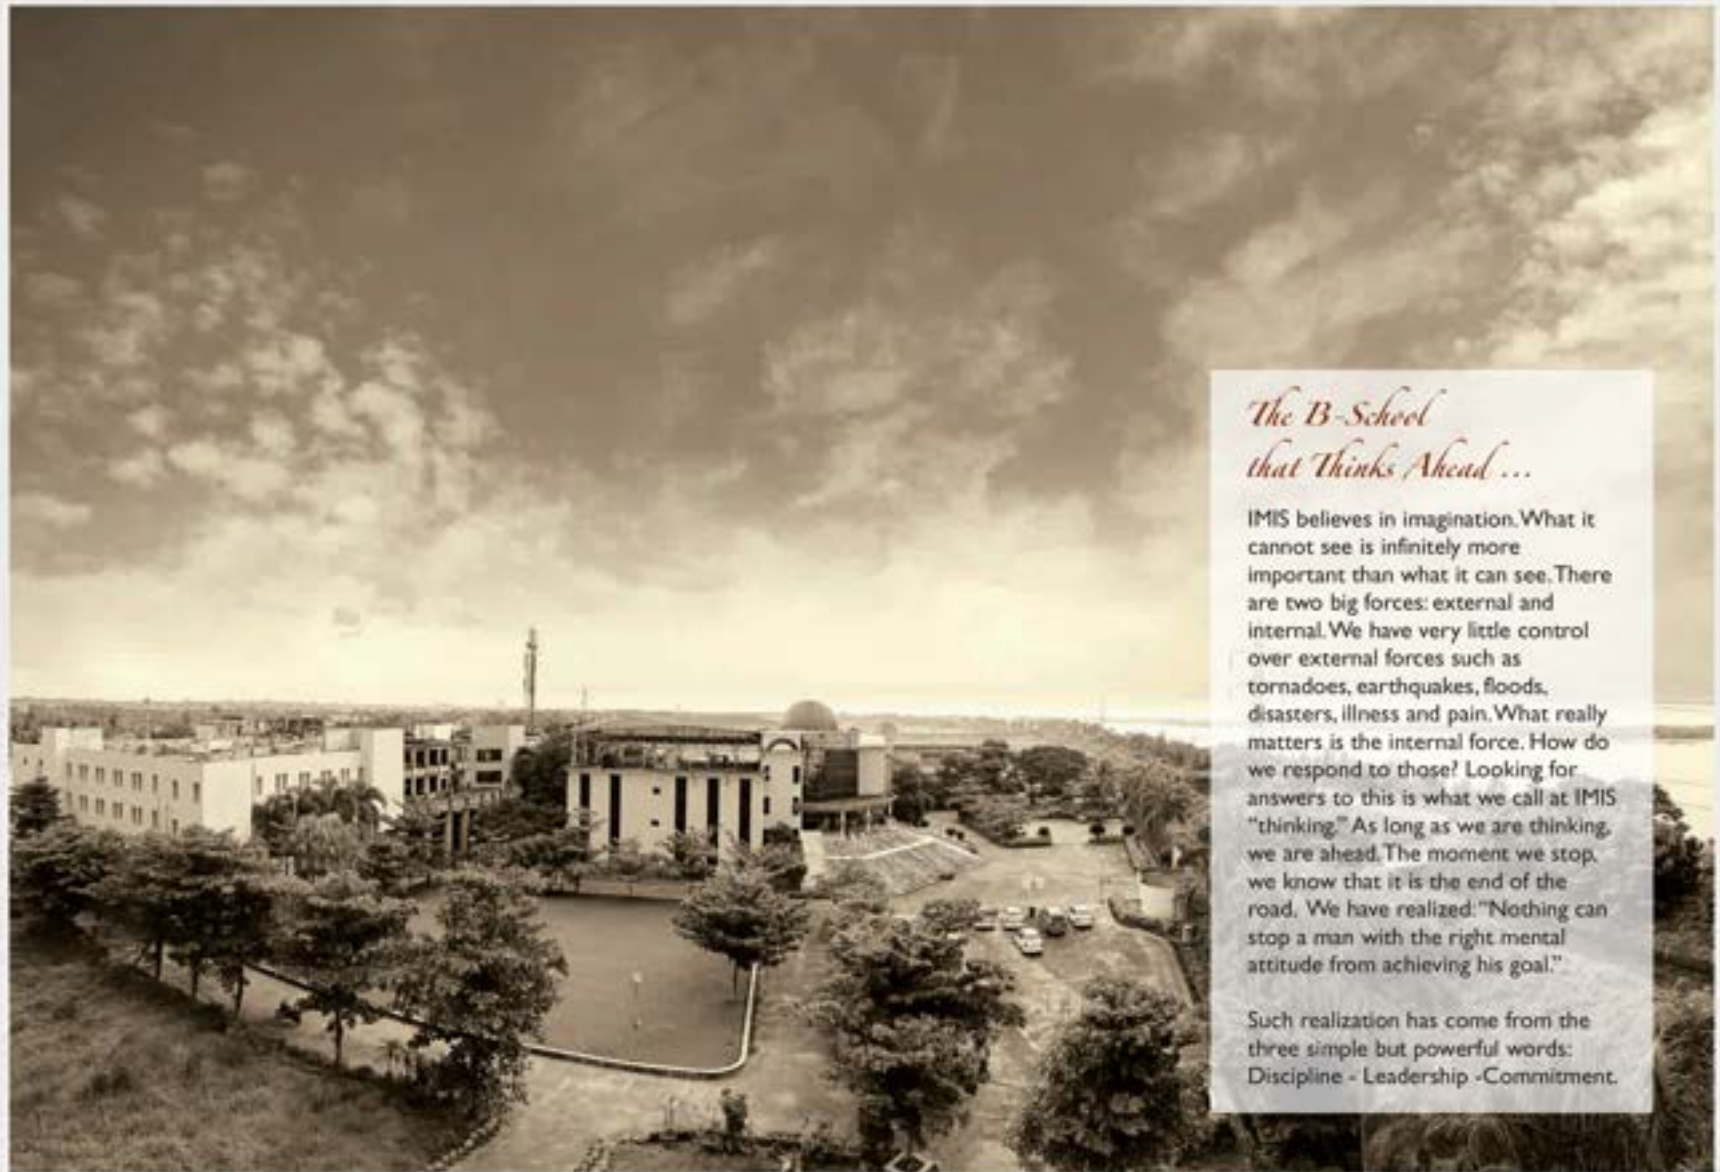

*Bhubaneswar, the Temple City of India is well connected to important cities by air and rail. It also houses many five star properties and places to enjoy local traditional Odia cuisine.*

Located just 3 kms from the city centre towards the southern part of the city, the Biju Patnaik Airport in the capital city of Orissa is replete with all the needs of a modern day discerning traveller. Named after a great visionary patriot, Bijyandra Patnaik, popularly known as Biju Patnaik, the airport is well connected by road to the rest of city.

The Bhubaneswar airport, the only major airport in the state, is well connected to the cities of Kolkata, Delhi, Chennai, Mumbai, Vishakhapatnam, Hyderabad, and Raipur through regular flights.

*The B-School  
that Thinks Ahead...*

IMIS believes in imagination. What it cannot see is infinitely more important than what it can see. There are two big forces: external and internal. We have very little control over external forces such as tornadoes, earthquakes, floods, disasters, illness and pain. What really matters is the internal force. How do we respond to those? Looking for answers to this is what we call at IMIS "thinking." As long as we are thinking, we are ahead. The moment we stop, we know that it is the end of the road. We have realized: "Nothing can stop a man with the right mental attitude from achieving his goal."

Such realization has come from the three simple but powerful words:  
Discipline - Leadership - Commitment.
